

# WEB DESIGN CHALLENGE WEEK #3

7th June - 13th June

by Ammar Sulthan (@thecodingsultan)

## ABOUT

This week’s design is a homepage for a furniture company called ‘IKAE’

## GOAL

Build this layout with HTML & CSS as accurate as possible.

## BONUS 1

Redo the site for different screen sizes. If you have already decided to go for the responsive layout, take the ‘mobile first’ approach.

## BONUS 2

Create the hover effect for the categories and some interactions if necessary.

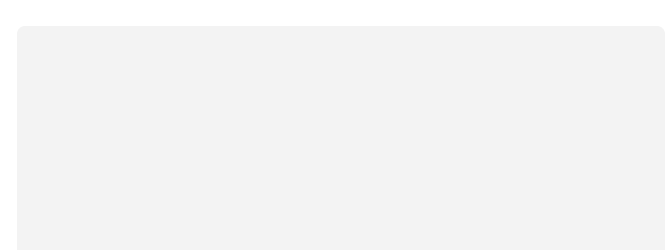

## FONT

‘Avenir’, ‘Open Sans’ or any other similar font
